

Privacy Policy for PicTweet Chrome Extension

Last Updated: 26-10-2024

1. Introduction

Thank you for using the PicTweet Chrome Extension! Your privacy is important to us. This privacy policy outlines how we handle your data.

2. Information Collection and Use

The PicTweet extension does **not collect, store, or share any personal data** from users. Our extension operates solely on your local device and does not transmit data to any external servers.

3. Permissions

The extension requires the following permissions to operate:

- **activeTab**: Used to allow the extension to interact with the currently open Twitter tab in order to capture tweets for screenshots.
- **host permissions for Twitter**: Needed to access Twitter pages to capture and apply visual changes.
- **tabs**: Required to enable the extension to interact with Twitter tabs for the purposes of taking screenshots.

These permissions are only used to enable the intended functionality of PicTweet, specifically for capturing screenshots of tweets with customized background colors.

4. Data Storage

PicTweet does not store any user data or information about your browsing activity. Screenshots taken with the extension are processed locally on your device, and no data is transmitted to external servers or stored remotely.

5. Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Any changes will be posted on this page, and we encourage you to review this policy periodically.
